[ ] Police Dept 864-1719	[ ] Sewer Maint	[ ] Other

Details of Incident:

Action needed: I checked this complaint at 2:00 P.M. on 5-14-91. It appears that the two drums (empty) had been placed on the parking lot, of the office complex to the east of 1909 E. Bennett, to keep cars from driving off into the storm ditch. It looked liked the asphalt had

1909 E. Bennett

had been undercut by storm water and washed the curb into the storm ditch. The drums were placed 3'-4' back from edge of the asphalt to keep cars from being parked there.

Drums appears to be old solvent drums (30 gallons). The bungs were out of them. I could see no evidence of dumping. Drums were standing upright on the parking lot.
