DATE March 31, 1978

DEPARTMENT

Re: Paint Spill at Cardin's Insurance
Salvage Co. (1600 Boonville)

At approximately 11:00 a.m., March 29, 1978, this office received a call from the Springfield Fire Department stating that there had been 55 gallons of latex paint spilled on Cardin's parking lot. Gene Pabst and Steve Short responded to the spill. Personnel at Cardin's were advised to put saw dust on the spill and then sweep up the saw dust after it had absorbed the paint.

The spill was caused by BeMac Freight Company. Apparently the driver had dropped the drum out of the back of his truck.

Approximately 1-2 gallons of paint left Cardin's property.

1600 N. Boonville
