Investigation Results

4-19-93 At 9:00 A.M. on 4-19-93 Karen Chandler and I investigated this complaint. Apparently, General Tire has spilled oil or has overfilled their waste oil tank. The tank is an above ground tank. It is on the North side of their building at the West edge of their property. The oil has spilled over to Colonial Storage property. Will refer this to D.N.R.
