Details of Incident: Lady complains of green liquid on driveway.

10/26 Green liquid is soap, from cleaning out oil.

Action needed: Contacted Manager Oct. 26. Stella Flanning. Mrs Flanning indicated she had called Mo D.N.R. + talked with the City the prior Thursday and they said it was ok. I called Mo D.N.R. Greg Perkins said they could not give approval to discharge this type of liquid.

11/5/90 Stella called this office A.M. I told her what Greg Perkins had

Investigation Results

TOLD ME AND GAVE HER HIS PHONE NUMBER. SHE INDICATED THE OTHER VICTIMS IN SPRINGFIELD ALSO USE SOAP TO CLEAN THEIR LOTS. USUALLY IN THE EARLY MORNING HOURS (@ 3:00 A.M.). IN THE OTHER CASES IT MUST BE OUT OF SIGHT BEFORE DAYLIGHT. IN THE KEARNEY LOCATION THE GREEN STRIP POND IN THE DRIVEWAY APPEARS IN THE LOT DUE WEST OF THE VICTIMS.

WE HAVE INVESTIGATED THIS COMPLAINT SEVERAL TIMES IN THE PAST. IN THE PAST, IT WAS A K.O. CLEANING PRODUCT WHILE THIS TIME IT APPEARS TO BE A SIMILAR PRODUCT WITH THE LOWE CHAMPION LABEL.

To ~~Randy~~ Bob/ Steve

Details of Incident:
Randy Zickefusse - manager of Long John Silvers on West Kearney called the Utilities (Dave Fraley) Said one of his customers noticed someone had dumped what looked like anti freeze that was going down the storm sewer.

Action needed: check out incident

Investigation Results

I contacted the manager of Total Petroleum, Stella Flaming. She indicated that the night shift worked had cleaned the lot between 11:00 p.m and 6:00 A.M. and had use way too much soap solution resulting in the green soapy water which could still be seen in the curb line.

She also said that they had reduced the number of times the lot is washed with soap to twice per week from every day.

This is a repeat investigation and ONR is aware of the problem.
