CITY OF SPRINGFIELD
INTER-OFFICE MEMORANDUM

ATTENTION OF Memo to file DATE October 6, 1977

DEPARTMENT

On this date Mr. Paul Muller contacted contacted this office concerning storm water entering the sanitary sewer at the car washes located at 1624 W. Kearney and 2502 E. Sunshine. I accompanied Mr. Muller for an inspection of both facilities. Mr. Muller agreed to reroute the roof runoff on the southwest corner of the Kearney carwash. The roof drain does now enter the sanitary sewer opening in the truck wash area.

The truck wash pad located on the east end of the Sunshine carwash is also in question. It was decided to wait till another rainfall event to make a decision on this item.

1624 W. Kearney

SIGNED Steve Short, S.S.E.
