26. Deviations to Specifications and Requirements

When bidding on an "or equal," quotations must be accompanied with all descriptive information necessary for an evaluation of the proposed material or equipment such as the detailed drawings and specifications, certified operation and test data, and experience records. Failure of any bidder to furnish the data necessary to determine whether the product is equivalent, may be cause for rejection of the specific item(s) to which it pertains. All deviations from the specifications must be noted in detail by the bidder on the Affidavit of Compliance form, at the time of submittal of Quotation. The absence of listed deviations at the time of submittal of the Quotation will hold the bidder strictly accountable to the specifications as written. Any deviation from the specifications as written and accepted by the City may be grounds for rejection of the material and/or equipment when delivered.

27. Samples (if required)

For certain types of procurements, samples may be required. If samples are required, it will be stated in the RFQ. The following conditions and requirements apply to all samples submitted.

Also, the bidder shall refund to the City any money which has been paid for same. The bidder will be responsible for attorney fees in the event the bidder defaults and court action is required.

- c. Award(s) will be made to the Bidder whose Quotation (1) meets the specifications and all other requirements of the Request for Quotation and (2) is the lowest and best Quotation, considering price, delivery, responsibility of the bidder, and all other relevant factors.

32. Authorized Product Representation

42. Inspection and Acceptance

No item(s) received by the City pursuant to this contract shall be deemed accepted until the City has had reasonable opportunity to inspect the item(s). Any item(s) which are discovered to be defective or which do not conform to any warranty of the Seller upon inspection, may be returned at the seller's expense for full credit or replacement. If at a later time, the defects were not ascertainable upon the initial inspection may also be returned at the Seller's expense for full credit or replacement. 2. **Escalation/De-Escalation:** Bid prices shall remain firm for a period of one year from the date of award. The contract prices may be changed after the first year for the following reasons:

Approval of each request shall be by written confirmation from the City Purchasing Agent. In the event the department does not use a purchasing card, a written purchase order will be issued.
5. **Specifications:** If bidding an equal, Bidders must include with their bid specification sheets or information sufficient for thorough evaluation. Failure may be cause for rejection as non-compliant.
6. **Insurance requirements:**
Without limiting any of the other obligations or liabilities of the Contractor, the Contractor shall secure and maintain at its own cost and expense, throughout the duration of this Contract and until the work is completed and accepted by the City, insurance of such types and in such amounts as may be necessary to protect it and the interests of the City against all hazards or risks of loss as hereunder specified or which may arise out of the performance of the Contract Documents. The form and limits of such insurance, together with the underwriter thereof in each case, are subject to approval by the City. Regardless of such approval, it shall be the responsibility of the contractor to maintain adequate insurance coverage at all times during the term of the Contract.
