[ ] Police Dept 864-1719	[ ] Sewer Maint	[ ] Other

Details of Incident: Karl Barke received a complaint about Garrison Woodwork (subsidiary of Da Bryan Coach Builders). The complainant stated that waste paint and solvent was being dumped on the ground and in the dumpster. The complainant said the dumpster was in the back lot between the storage building and the ramp area.

Action needed: Look at the area and talk to employees at Garrison Woodwork.

1051 E. LYNN

Investigation Results

Gene and I went to 1057 E. Symp and looked around. We didn't see any real evidence of dumping. There were some paint flecks in the dumpster. One of the employees came out while we were there and Gene asked him about disposal practices. He said they had a still and could reuse the paint thinner. The paint sludge was thinned and sprayed on top of the cars under the hardtops so they have virtually no waste to dispose of. We will check their lot periodically.
