Dear Mr. Breyer:

Recently we received a report of a pollutant discharge resembling laundry waste coming from the house at 4401 W. Chestnut Expressway into the storm ditch on Mahn Street. This property is apparently a rental home and the tenant of the house indicated that you are the owner of the property. This practice is perfectly acceptable for uncontaminated storm water or ground water; however, laundry waste must be disposed of through an approved waste disposal system.

Please be advised that the discharge of pollutants is in violation of City, State, and Federal Water Pollution Laws and a violation of City Health Ordinances. Steps should be taken to eliminate this discharge by placing it into an approved waste disposal system within thirty (30) days. This office maintains periodic surveillance throughout the corporate limits of the city and will inspect for compliance at the end of the thirty (30) day period and will take proper legal action if compliance is not met.

If you have any questions, please don't hesitate to call.

Yours truly,

Karen Chandler
