November 3, 1977

Mr. Jim Ewing
Director, Parks Department
1923 North Weller
Springfield, Missouri 65803

Dear Mr. Ewing:

In reviewing our file on the Grandview Golf Course fire, I noticed that we have yet to receive a letter from your office stating that the hazardous material, which was removed from the destroyed barn, has been properly disposed of. I would appreciate a letter from you stating when and where the material was shipped, along with a copy of the shipping bill. This letter will allow us to close our file on this matter. Also, a copy of this letter should be sent to the Missouri Department of Natural Resources, Attention Mr. John Nixon, Regional Administrator, in order for them to complete their file. This letter will further serve to help protect the City and the Parks Department from possible future criticism and/or litigation concerning this matter.

If you have any questions, please feel free to call.

Yours truly,

David G. Snider
Director, Public Works Department
