[ ] Police Dept 864-1719	[ ] Sewer Maint	[ ] Other

Details of Incident: Dumping vats into trash dumpster.

Action needed: I went immediately to Independent Printing. I found what appeared to be oil in their dumpster. I contacted Mr. Michael Pyeatt at Independent Printing & he informed me that they had an hydraulic oil leak in their cutter (knife). They mopped up the oil & place it in a container & dumped it in their dumpster. Some oil was beginning to drain out of the dumpster. I told Mr. Pyeatt to put some oil dry on the asphalt to absorb the oil. It appeared that most of the oil in the dumpster had been absorbed by trash & cardboard. I told Mr. Pyeatt to dig down in the dumpster and place oil dry on any that might be pooled in the dumpster. I also told Mr. Pyeatt that in the future to place the spilled oil in containers & take to reclaimer.

2325-C E. Olive Ct.
