Details of Incident: Fire Dept. Paged me at 6:20 A.M. to call Steve Strader at Bat. #6. I contacted Mr. Strader & he informed me of a small spill they responded to that morning at 233 S. Patterson. Mr. Strader said that a semi had pulled off his tank interconnecting line & spill 8-12 gallons. He was not to concerned about it except that it happened during a heavy rain & the drainage from that area goes to a sink hole. I told Mr. Strader that I would check the area when I got to work & call One Time Freight Systems if there was any need to

Investigation Results

report the spill. I investigated the AREA And did not find much of Any thing. there WAS some diesel fuel on the grass in the AREA but that WAS All. I contacted Mr. Ed Sears to see if WAS necessary to call One time Freight Systems And have them to report the spill since it went to A sink hole. Ed did not see Any reason to report it.
