5 things you can do

1 Fertilize Responsibly

Call **836-4847** for a free soil test and receive a comprehensive fertilizing plan for your yard. Over-fertilizing is harmful to area waterways and a waste of money. For more information on environmentally responsible yard care, visit **www.springfieldmo.gov/showmeyards**.

- **Jiffy Lube** - 2323 E. Sunshine 883-9815
  - 4115 S. Campbell 890-1415
- **O'Reilly Auto Parts** (all Springfield locations)
- **Wal-Mart** (5 gallon limit)
  - 1923 E. Kearney 865-4575
- **Wal-Mart Super Center** (5 gallon limit)
  - 2021 E. Independence 886-8654
  - 2825 N. Kansas Expy. 865-9721

Other ways you can help

- Pick up after your pets.
- If washing your vehicle at home, do so in a grassy area to prevent runoff of the wash water.
- Sweep instead of hosing off driveways and other paved surfaces.
- Regularly inspect your vehicles for leaks.

- Properly dispose of yardwaste by composting or taking it to the City's recycling centers. Do not dispose of in streets or drainageways.

Help Protect Our Area Waterways

Did you know...

Storm drains are those drains you see in streets and parking lots that rainwater runoff flows into. Did you know that storm drains DO NOT go to a waste-water treatment plant like sanitary sewer drains (indoor sinks and toilets)? Storm drains flow into area streams, rivers and lakes.

2 Recycle Used Motor Oil

Please do not dispose of in the trash. Put used oil in clean containers only (use original containers or milk jugs). Do not use bleach bottles or bottles that have contained chemicals other than motor oil. You can take your used oil to the following locations:

- **Auto Zone** - all Springfield locations
- **City's Household Chemical Collection Center** - 864-2000 (call for appointment)
- **Import Car Services** - 1901 S. Stewart 881-0101
- **Jiffy Lube** - 850 E. Kearney 862-7333
  - 1248 E. Battlefield 881-2040
