DEVELOPMENT REVIEW STAFF REPORT
ZONING CASE Z-39-2015 & CONDITIONAL OVERLAY DISTRICT NO. 103

PURPOSE: To rezone approximately 0.81 acres of property generally located at 608, 614 and 618 West Mount Vernon Street from an R-SF, Single-Family Residential District to a R-LD, Low-Density Multi-Family Residential District; and establishing Conditional Overlay District No. 103.

REPORT DATE: December 30, 2015

LOCATION: 608, 614 and 618 West Mount Vernon Street

APPLICANT: Mount Vernon 608, LLC

TRACT SIZE: Approximately 0.81 acres

EXISTING USES: Two existing legal non-conforming duplexes and a single-family residence

PROPOSED USES: Retain existing duplexes and multi-family residential uses

FINDINGS FOR STAFF RECOMMENDATION:

1. The Growth Management and Land Use Plan of the Comprehensive Plan identifies this as an appropriate area for Medium or High Density Housing. The requested R-LD, Low-Density Multi-Family Residential zoning is consistent with this recommendation. The Growth Management and Land Use Plan also encourages a variety of housing types that would enable developers to compete more effectively and provide a greater housing choice for residents.
2. Supports the following Field Guide 2030 goal(s): Chapter 6, Growth Management and Land Use Major Goal 4: Develop the community in a sustainable manner. Objective 4a, Increase density in activity centers and transit corridors.
3. This request is consistent with the City's policies to promote infill development and increased intensity where investments have already been made in public services and infrastructure. The request will change the status of two non-conforming uses and make them conforming. This will provide investment security for improvements on the property.
4. The Major Thoroughfare Plan classifies Mount Vernon Street as a collector roadway which supports the proposed land use.

- The proposed conditional overlay district will lower the residential density similar to the R-TH, Residential Townhouse District. The R-TH District is the least dense zoning district that allows duplexes. The development requirements in the R-LD District are adequate for mitigating any other potential impacts of the proposed development on the adjoining properties.

RECOMMENDATION:

Staff recommends **approval** of this request

SURROUNDING LAND USES:

AREA	ZONING	LAND USE
North	R-TH & R-MD	Public School and single-family residence uses
East	R-SF	Duplex and single-family residences
South	R-SF	Single-family residences
West	R-SF	Single-family residence

COMPREHENSIVE PLAN:

- The Growth Management and Land Use Plan of the Comprehensive Plan designates this area as appropriate for Medium or High Density Housing uses. The plan recommends townhouses and all multi-family apartment buildings in this category, which are located where there is good traffic access, located between low-density housing and non-residential land uses, and at high-amenity locations. The Major Thoroughfare Plan classifies Mount Vernon between Grant and Campbell as a collector roadway which supports the proposed land use. The Growth Management and Land Use Plan also encourages a variety of housing types that would enable developers to compete more effectively and provide a greater housing choice for residents.

HISTORY:

- These properties were originally zoned as C-3, Commercial District, prior to the 1995 City-wide reclassification. This district allowed for both commercial and all types of residential uses. The 1995 reclassification rezoned these properties to R-MD, Medium-Density Multi-Family Residential District. In 1998, the West Central Neighborhood Strategic Plan was adopted and identified these properties as appropriate for R-SF zoning. In 1998-99, the City rezoned this area to R-SF. In 2001, the City adopted the Growth Management and Land Use Element of the Comprehensive Plan that identified these properties as appropriate for Medium- to High-Density Housing.

STAFF COMMENTS:

1. The applicant is proposing to rezone the subject property from an R-SF, Single-Family Residential District to an R-LD, Low-Density Multi-Family Residential District with Conditional Overlay District No. 103. The proposed Conditional Overlay District (Attachment 3) will restrict the residential density to 11 dwelling units per acre or less. The applicant is also proposing to combine the subject properties at 608, 614 and 618 West Mount Vernon Street. The proposed rezoning to R-LD will make the two existing duplexes conforming uses and allow the property at 618 West Mount Vernon to be redeveloped for higher density. The existing structures at 608 and 614 West Mount Vernon St. were converted to duplexes around 1998, but were being used as 4-plexes before then. The applicant also owns the property at 604 West Mount Vernon which was initially a part of this request but has since been removed from consideration.
2. The R-LD District is intended to accommodate multi-family developments at densities up to approximately eighteen (18) units per acre and is intended to have all vehicular access from a collector or higher classified street without traversing minor streets in adjoining residential neighborhoods. The applicant is requesting a conditional overlay district that will restrict the maximum density to eleven (11) dwelling units per acre. The Multi-Family Location and Design Guidelines are not required for multi-family developments at eleven (11) dwelling units per acre or less. The current R-SF, Single-Family Residential District allows for a maximum residential density of 7 du/ac. The proposed conditional overlay district will restrict the residential density to 11 dwelling units per acre which is similar to the R-TH, Residential Townhouse District. This is a difference of 4 du/ac. While both the R-TH and R-LD Districts allow duplexes, the primary difference is that the R-TH District only allows one duplex per lot while the R-LD allows for multiple duplexes or units on a single lot.
3. If the existing duplexes are not rezoned and brought into a conforming status, then in the event that any building or structure is damaged or destroyed, by any means, to the extent of more than seventy-five (75) percent of the replacement cost of the building or structure at the time such damage occurred, such building or structure shall not be restored unless it shall thereafter conform to the regulations for the zoning district in which it is located.
4. A traffic study was not warranted by Public Works Traffic Division since the rezoning from R-SF to R-LD with COD #103 on such small lots will not generate a significant amount of additional traffic. The Major Thoroughfare Plan classifies Mount Vernon Street as a collector roadway which supports the proposed land use.
5. The property to the east, south and west of the subject property is zoned R-SF, Single Family Residential. The normal bufferyard required between R-LD and R-SF zoning would be a landscaped Bufferyard "Type B" at least 15 feet wide. For

each one-hundred (100) linear feet of bufferyard, there must be one (1) canopy tree, one (1) understory tree, one (1) evergreen trees and six (6) shrubs. There are no required structures (i.e. solid fence, wall or hedge) in Bufferyard "B". The subject property qualifies for narrow and shallow lot exemptions because it is less than 200 feet wide and deep, however, the landscaping and structure requirements for the alternative bufferyard are more restrictive. All structures shall remain below a forty-five (45) degree bulk plane as measured from the boundaries of any R-SF district. The property to the north is zoned R-TH and R-MD, therefore no bufferyards are required across Mount Vernon Street.

6. The standard development requirements in the R-LD District are otherwise adequate for mitigating potential impacts of the multi-family uses on the adjoining single-family residential properties. No portion of a multi-family structure shall be higher than forty-five (45) degree bulk plane where the property adjoins an R-SF District. The standard requirements for noise, lighting, odor and signage will be covered by the Zoning Ordinance.
7. The proposed rezoning was reviewed by City departments and comments are attached (Attachment 1).

NEIGHBORHOOD MEETING:

The applicant held a neighborhood meeting with property owners, residents and any registered neighborhood association within 500 feet of the subject properties on November 18, 2015. A summary of the meeting is attached (Attachment 2).

PUBLIC COMMENTS:

The property was posted by the applicant or their representative on December 17, 2015 at least 10 days prior to the public hearing. The public notice was advertised in the Daily Events at least 15 days prior to the public hearing. Public notice letters were sent out at least 10 days prior to the public hearing to all property owners within 185 feet. Thirty-one (31) property owners within one hundred eighty-five (185) feet of the subject property were notified by mail of this request.

DEPARTMENT COMMENTS
ZONING CASE Z-39-2015 & CONDITIONAL OVERLAY DISTRICT NO. 103

BUILDING DEVELOPMENT SERVICES COMMENTS:

1. Building Development Services does not have any issues with R-LD zoning with the COD to reduce the density.

TRAFFIC DIVISION COMMENTS:

1. No traffic issues with the proposed zoning request. The requested rezoning will not generate a significant amount of traffic to trigger a traffic study.

STORMWATER COMMENTS:

1. There are no stormwater issues with rezoning this property. Please note, however, that development (or re-development) of the property will be subject to the following conditions at the time of development.
2. Any increase in impervious area will require the development to meet current detention and water quality requirements. Existing impervious surfaces currently in good condition can be credited as existing impervious surface. Existing gravel surfaces meeting the above definition are eligible for 50% credit.
3. A payment in lieu of construction of detention facilities is not an option for this site due to existing downstream flooding problems.
4. Concentrated points of discharge from these improvements will be required to drain into a certified natural surface-water channel, public right-of-way, or drainage easement.

CLEAN WATER SERVICES COMMENTS:

1. No objections to rezoning

CITY UTILITIES:

1. No objection. CU has all facilities available to provide service.

Neighborhood Meeting Notes

Rezoning 604, 608, 614, 618 W Mount Vernon

Below is a summary of concerns expressed:

They do not want renters. They want Homeowners. They said that renters don't take care of the properties and in the past let the property run down and then the druggies and prostitutes move in.

Our response: We are investing in the area and improving property values in the area and with that investment comes higher rents and a better more affluent renter. Zoning does not address ownership. It merely addresses whether the tract of land can have one dwelling or more than one. A multifamily residential building could have four or five units in it and all could be owned under a condominium ownership.

They would prefer that the three existing duplexes be converted to single family homes rather than rezone them to allow multifamily housing which they already are.

Our Response: These are already legal non conforming uses but if they get damaged by a storm or a fire, they could not be rebuilt as anything other than a single family home without the rezoning. This property was zoned C-3 Commercial prior to 1995 when the new zoning went into effect. However, they were remapped as R-SF incorrectly and should have been zoned multifamily at that time. This corrects that mistake.

They are opposed to removing the 618 property (which is an older single family property) from the zoning application so that the others could be properly zoned.

Our Response: We offered to just rezone the three duplexes and they would not consider it. The 618 property is in very poor shape. It is a one bedroom home and the floors sag, the roof leaks and sags and it cannot be renovated to make it a desirable property without spending more money than it is worth. It would never sell or rent in a manner that the investment could be returned.

We could not find any common ground on things which would satisfy them except leaving it all RSF and converting the duplexes to single family homes.

Re: Proposed Rezoning

Greetings,

I am representing the property owners of the above properties on West Mount Vernon. There are three lots there which they want to rezone from R-SF single family residential to R-LD Residential low density. 608 and 614 Mount Vernon are existing duplex units which are being rehabbed. The property at 618 Mount Vernon will be demolished and a new multi-family building with five units is planned there. 604 Mount Vernon is an existing single family house which will eventually be combined with 608 and 614 when that needs to be redone.

The purpose of this letter is to let you know of the upcoming zoning process and to invite you to a Neighborhood meeting that we are holding on **Wednesday evening November 18th between 4:00 PM and 6:30 PM.** The meeting will be held at **618 Mount Vernon.** There will be no formal presentation so you can come by any time during that period and I will be there to answer any questions you might have.

If you do not have time to come by please feel free to call me to discuss your concerns. My contact information is at the bottom of the first page of this letter.

Sincerely,

Re:: Proposed Rezoning

Greetings,

I am representing the property owners of the above properties on West Mount Vernon. There are lots there which they want to rezone from R-SF single family residential to R-LD Residential low density with a Conditional Overlay District limiting the density to 11 units per acre. 608 and 614 Mount Vernon are existing duplex units which are being rehabbed. The property at 618 Mount Vernon will be demolished and a new fourplex multi-family building is planned there. Previously 604 Mount Vernon was a part of this zoning but it has been removed from the application.

The purpose of this letter is to let you know that 604 Mount Vernon was removed from the request and that the zoning public hearing has been tabled until January 7th. Also please find the Notice form which was inadvertently omitted from our last letter to the neighborhood. We apologize for any inconvenience this might have caused.

Please feel free to call me any time to discuss your concerns. My contact information is at the bottom of the first page of this letter.

Sincerely,

NOTICE

Enclosed you have received a notice of a "Neighborhood Meeting" submitted by the applicant to discuss a change in land use or zoning in your neighborhood. For all development applications involving an advertised public hearing, City Council requires developers to hold a neighborhood meeting and invite the property owners within 500 feet of the property and to the officers of neighborhood association on file with the Department.

A "Neighborhood Meeting" is held early enough to provide adequate time for the developer to negotiate with the neighborhood in order to resolve any issues and provide any proposed changes to City staff to evaluate and include in City staff reports.

If the developer submits, an application for a change in land use or zoning the property will be posted, there will be public notifications in the newspaper and notification by mail to the property owners within 185 feet of the project.

The Land Use or Zoning Change Process:

1. Application
2. Neighborhood Meeting (500 feet notification from subject property)
3. Planning and Zoning Commission Public Hearing (185 feet notification from subject property)
4. 1st City Council Public Hearing (185 feet notification from subject property)
5. 2nd City Council Meeting to decide either to approve or to deny the change in land use or zoning

City staff is available to meet with you or your neighborhood association representative(s) to discuss the proposed change in land use or zoning and answer questions at 417-864-1611.

Staff submits a report with a recommendation one week prior to the date of the public hearing at the Planning and Zoning Commission. COMMENTS: The people of this neighborhood have fought, argued for at least 15 years to have single family zoning as much as possible. There have been multiple RFD and above constructed in the last several years.

~~The~~ WC N has been a blighted neighborhood for several years. Until we, everyone, make efforts for more home ownership and less multi-family we will never be able to crawl out of this "Blighted" label. IT is a shame to have these beautiful old homes upgraded in density.

I am not in favor of the rezoning of 1018-1014-1008 W. Mt. Vernon. The duplexes 1014 & 1008 have been constant culprits of rotating crime & violence. 1018 W. Mt. Vernon is a nice livable home that should not be demolished to build a multi-dwelling unit. It's absurd. In the 8 years I have lived next door to 1018 it has never been an issue. about This block doesn't need anymore Density!</p>
