

COLLEGE STREET CORRIDOR PLAN VISIONING PROCESS

February 1, 2012 (Meeting 2)

We are going to begin envisioning the future of College Street tonight by following the steps below:

- Observe the 10 Tenets of Civility.
- Propose ideas that articulate a desired future.
- There are no boundaries for ideas *except* please remember that the Planning and Zoning Commission and City Council must recommend and approve the final plan so ideas should be offered with that in mind.
- No idea is a bad idea.
- City staff will record the ideas and may ask for clarification, but all ideas will be recorded.
- We will not debate or question the viability of the ideas expressed at this meeting, but will resolve concerns in future meetings.

Time Before Next Meeting

Staff will review recorded ideas and provide a response by:

- Organizing and summarizing the ideas.
- Framing the ideas for discussion in the Google Group and at the next meetings.
- Posing comments and questions about the ideas.
- Pointing out areas requiring resolution in relation to the Background and Analysis report and experience.
- Representing ideas graphically through the “Sketch Up” model.

February 15 Meeting (Meeting 3)

- Review staff framing of ideas and comments.
- Discuss areas requiring resolution.
- Review “Sketch Up” drawings demonstrating ideas.
- Add any new or different ideas.
- Prioritize the vision ideas for development of a Vision Statement.

Following completion of the Visioning process, we will begin discussing alternatives to accomplish the Vision.
