I have a service request for you. It's 2740 N. Grant where they have dumped gravel in the front yard and made most of the front yard a parking area. Appears to be a violation. I'm told they often have several trucks parked on the gravel in the front yard most of the weekend. Caller also said they are using it similar to a circle driveway and jumping the curb at one end of their new drive. Thanks, Kevin

SVC2009-01653	04/16/2009	CLO	1207 S JOHN AVE	CRIME
Anonymous report of possible drug sales at this property. The son of the owner went to a white 2-door Mitsubishi car and got a small bag that he stuffed into the crotch of his pants. Then he walked to a beige Chevy Malibu wagon, older model with plates 2DF - 04P and got in. He was in the car for a few minutes, got out and the car left. Caller said he doesn't want them approached, but thought Police might want to watch the house for other activity. Caller said police in the area is definitely a deterrent.

Complainant was traveling on Catalpa in her motorized wheel chair. Ran into a gravel section of the street at the corner of John & Catalpa. There were no signs showing this as a construction area. Her wheelchair got caught in the gravel and she couldn't get out. A motorist stopped and pushed her out, but it cracked the motor in her wheel chair. She said she didn't want to file a suit, but would like compensation as the wheel chair cannot be fixed. A copy of this request will be forwarded to Law.

Hello City Staff, Unfortunately I am having to request this again because apparently Midwest Security doesn't realize that they are not suppose to be parking on pedestrian sidewalks. Hiland Dairy off of National between Jean and Kearney, some of the Midwest Security Staff is still parking on the sidewalks. On Saturday evening 7/25 there was a White Chevy Corsica and last night 7/26 it was a Gunmetal Gray Ford 4x4 Truck that was park on the sidewalk. Please get them off the pedestrian sidewalks. Thank you for your help.				
SVC2009-04354	07/13/2009	CLO	1133 E KEARNEY ST	TRAFFIC
Hello City Staff, Its unfortunate but it appears that Hiland Diary has had to hire an independent contractor for security purposes; I believe they are Midwest Security. I believe it is illegal for Midwest Security to be parking their personal vehicles on the pedestrian sidewalk on the west side of National between Kearney and Jean. If it is, would you please asked the security people to move their vehicles so that the pedestrians can walk in safety? Thank you for your help.				
SVC2009-00436	02/02/2009	CLO	1231 W KEARNEY ST	FOOD
Complainant visited the restaurant on 1/30/2009 at 11:40. He was upset because it was only 64 degrees inside the restaurant. He said that the food on the buffet was cold and everything but the cashew chicken looked like it was at least a day old. Also didn't like the fact that when they changed food pans out from the buffet that you could see dirty water under the pans on the buffet.

Resident said he has an auto dealer license and he can have all the cars at this residence as long as he isn't selling them. Neighbors believe he may be trying to sell some of the many cars that he has at his home. He brings cars to the house, probably salvage cars according to the caller, and works on them. He keeps a tow truck at the house too. He had 4 cars there at the time of the call, but it is not unusual for him to have as many as 8 there at one time - parked everywhere. People are continually coming and going from the house. Believe there is a business being run from this residence.

Hello City Staff, There is no house number on the problem address but the residence sits between 2507 and 2517 N. National. I believe the address is 2513. It is a beige house that sits toward the back. Vehicles that sit on the front of the property have Bob's Escort Service on them. There is a mosquito hazard that is in the rear of the property. There are several tires and buckets in the back. You may enter my premises at 2518 N Howard (it is open and there are no hazards) to see the situation. Please note, it almost looks like the occupant might be trying to camouflage the situation but I have taken pictures if you need them. I have also put flyers on his door for the past two years regarding the tire round up the takes place in November.Thank you for your help and service.
