SVC2009-04891	08/03/2009	CLO	1055 S BROADWAY AVE	ZONING
The address is approximate, to be exact, they are one house south of 1047 S. Broadway, on the same side of the street. Many old trucks and beat up vehicles in yard/street. 2:35 pm Currently they are playing the radio so loud that I can hear it in every room of my house. Outside is just unbearable. For the past month, they have had a couple living in a tent in their back yard. They have run an extension chord to their tent to be able to watch t.v. The man drinks excessively, and the couple quarrel every morning around 7 a.m. All in all, they are disturbing my peace.

SVC2009-03756	06/18/2009	CLO	1018 W CATALPA ST	CRIME
Neighbor plays extremely loud music. On 6/11 played music until almost 4:00 am. On 6/12 had a party with loud music until after 3:00 am. On 6/17 started playing music @10:45 pm until almost 11:30 p.m. It's not the music that is annoying as much as the bass that is so booming my windows have rattled. It can be heard throughout my entire house.

<p>Sent this to BDS, and they said it needs to be sent to PW Streets and right of way. A copy of the request will be sent to right of ways too. Construction of new apartments at this location has neighbor concerned. She lives at 1727 W Catalpa. They are putting in a street, Lexington, beside her property. At the first neighborhood meeting she asked if they could move it and they told her they would. Now they are not keeping their word, and she is afraid that lights from the street will come onto her property. She said there is only an 8 foot right of way which won't leave enough space for the buffer yard. She also said construction begins between 4 and 6 a.m. every morning including weekends and holidays. Can anything be done about the road next to her property and the early working hours? The road is about 8 feet from her neighbors driveway too.</p> <p>C</p>

<p>OMG It's unreal and I can't take it anymore. This house sits directly behind mine and I am not able to sit in my backyard in the evenings because of the mess. They "moved in" about a month ago, but they never actually moved in. Trash has been overflowing by the curb. Household items and furniture and a lot of it remains in front and side yard. They finally have mowed their yard I guess, but not before they put up a pool of some kind. Now I think they are attempting some type of garage sale. Who knows what they are doing. Please do something about this property. I have been putting up with annoyance from this property for a while. The people that lived there before this riff raff had at least 8 barking dogs and never mowed their yard. I really think someone should talk with the landlord/owner so they could instruct their tenants accordingly. Thank You</p>
