Hi Angela, I spoke with Mr. Hershel Linder today, he lives at 601 N. Brown Ave. Brown Avenue dead ends at Chestnut Expressway. He said there is a concrete culvert that runs from the front to the back of his property, it has settled below the dirt line and holds water. He said mosquitoes are terrible and he has snakes as a result of the standing water. He has contacted MoDOT, but said he never hears back and would like to have something done to remedy the problem. He has also contacted our Health Department, but I don't have a record of any calls to them. He did tell me MoDOT came out today and cut some weeds, so I believe this is a MoDOT culvert. Let me know if you find out anything different. Mr. Linder's number is 496-1469.

This house did not have anyone living it all winter, but last year in about October they began to bring in items into the house. There were signs on Chestnut St., West Avenue and Brown Avenue directing people to this address. Caller said it was set up as a flea market inside. Now they have moved lots of the junk out and it is in horse trailers in the back yard. They have two metal carports installed and this last weekend they added metal to the sides of one. The roof is held down by tires. The place looks horrible for the neighbors. Caller thinks someone could be staying there now, they see lights from a TV on at night.

SVC2009-00512	02/05/2009	CLO	2010 W CHESTNUT ST	INFORMATIONAL
<p>Complainant reports that on Feb.. 3 he had an encounter with Police. He believes a person who was doing roofing for him called the Police. He paid the man "\$800 to \$900" for work and the man ran off before the job was completed. Police came to his house at about 11:30 or 12 p.m. they were beating on the metal door with a baton. He said they busted the latch. He was trying to get his pants on and told them he was coming. He said the Police kicked the door. He told his wife to get the video camera and he says that as soon as he said that, the police left. He asked they why they were there. They told him "Because he was on probation and a crime had been committed". He said that he is on probation, but had not committed a crime. He was advised that he could file a report with Internal Affairs if he wanted to and if he wanted to file a damage claim he needed to contact the Law Dept.</p> <p>This was recorded for informational purposes, complainant said he would file with IA.</p>

<p>on the southwest corner of Division and Concord the trees are way overgrown and hanging over, and on my back fence. Plus it is extremely weedy there, and full of snakes and trash. Sometimes homeless people have even stayed in the thick brush. Since nobody lives at this address I do not know who to contact about getting it cleaned up. Please help or lead me in the right direction. The house sets right at the corner and the problem is at the very back of the property. It is a two story home across division from the Barber Shop.</p>

Councilmember Denny Wayne reported a concern for a citizen; There is parking on both sides of the street on North West Avenue. Cars are going too fast, over the suggested speed limit, not sure if it is 25 or 30 mph. Citizen would like the street looked at to see if parking is needed on both sides of the street or if could be reduced to just one side of the street. They said cars are speeding, so a request will be sent to Police to monitor the area for speeding.

Received on the city e-mail: I have tried for 2 months to file a complaint online. I guess you don't want to hear it. lets get something done please we pass these ordinances, now ENFORCE them Situation: cars parked in the yard, and if YOU LOOK AROUND THIS AREA OF HOUSE (like behind it . 2 doors south and across from it) I am pretty sure we have a law about this, hard for me to approve pension taxes when jobs are not being performed that the city of Springfield has put into law, just my opinion, the last time I complained they said they seen no cars. if they will look around this square block of houses they will find at least 4 in violation. very interested if anything gets done, but I am trying to sell houses in the area and I think cleaning up the neighborhood would help and knowing the city is upholding the laws would be a plus. thank you
