DEPARTMENT OF PLANNING AND DEVELOPMENT
MEMORANDUM

TO: Planning and Zoning Commission
FROM: Olivia Hough
DATE: September 6, 2019
SUBJECT: Galloway Development Recommendations vote on September 12, 2019 Meeting

The Planning and Zoning Commission reviewed the Galloway development recommendations report on August 15, 2019 and recommended 8-0 to remove the southeast and southwest corners of Battlefield Road and Lone Pine Avenue from the policy boundary. Commission voted 4-4 to recommend approval of the policy as amended. The Commission’s Rules of Procedure dictate a tie vote results in tabling the measure.

Commission is now being asked to vote again on whether to approve or deny the staff recommendations contained in the report as amended at the August 15, 2019 meeting. As a policy recommendation five votes are required to either recommend approval or denial.

The Commission’s public hearing on the issue is closed. The report has not been changed since the August 15, 2019 meeting.

Commission’s recommendation on August 15th to amend the boundary and the outcome of their September 12th vote for approval or denial will be provided to City Council at their September 23, 2019 public hearing when they may vote on the policy.

Olivia Hough
Senior Planner, Planning and Development
