Members of the public joined the Fire Department for a ceremony to welcome Ladder 8 to Fire Station 8, located at 1405 S. Scenic Avenue. Mr. Gage further noted the funding for this apparatus was provided by the continuation of the Level Property Tax supported and passed by the Springfield community in 2017. The total cost for the new ladder was \$902,000 and it took 490 days to be built.
- Mr. Gage noted several departments participated in the United Way of the Ozarks' Day of Caring providing hours of service to various non-profit organizations across the community. This was the 30th annual Day of Service in Springfield, with more than 1,000 people participating.
- Mr. Gage noted customers to the City's Noble Hill Sanitary Landfill and Yardwaste Recycling Center facilities will notice an increase in fees for various products and services. Fee increases were approved by City Council in December of 2021. The increases will continue to support the operation of Springfield's Sanitary Landfill, three recycling drop-off sites, the Yardwaste Recycling Center, the regional Household Chemical Collection Center, and community-wide outreach & education programming.
- Mr. Gage noted customers with City sewer service will see a planned rate increase beginning July 1, to continue improving the City's aging system and remain in compliance with federal Clean Water Act regulations. The City of Springfield contracts with City Utilities for sanitary sewer services billing. Customers will notice this change on their August City Utilities bills.

Mr. Gage noted a public event to kick off the unveiling of the Comprehensive Plan to the community will take place Thursday, July 21, from 3-6 p.m. at Hammons Field. Participants will experience a walk-through exhibit of each key focus area of the plan and get a behind-the-scenes look at the ballpark's air conditioned suites. Parking near Gate 1 is free, and people are encouraged to drop in. More information will be available on the forwardsgf.com website.

Mr. Gage noted the Missouri Department of Health and Human Services approved the distribution of both the Moderna and Pfizer/BioNTech COVID-19 vaccines for children as young as six months old. He further noted the Springfield-Greene County Health Department is encouraging parents to call their children's pediatrician for more information on where to receive a vaccine. For individuals who do not have a pediatrician or wish to sign up to be notified about community-wide opportunities via text message, they can call the COVID-19 Call Center at 417-874-1211. The Health Department is not currently offering vaccination opportunities for children under 5.

Police Chief Update

Paul Williams, Police Chief, provided an update for the Police Department.

Chief Williams noted the Mental Health Mobile Response Team consists of various partners which assist with non-violent individuals in need of mental health assistance. The team is in partnership with Burrell Behavioral Health, who received a grant from the Missouri Foundation of Health. Holli Triboulet was selected as the Springfield Mental Health Co-Responder Project director. He further noted the training program has three stages with the end goal of providing immediate care for persons in crisis and allowing the responding officer to respond more efficiently to other service calls.

Chief Williams discussed crime prevention trends and data. He noted there has been a 30% reduction in auto thefts from Quarter 1 of 2021 to Quarter 1 of 2022. Chief Williams reported residential and commercial burglaries decreased from 2021 to 2022.

Chief Williams reported Public Engagement created a 30-second Public Service Announcement and three trending crime updates, which were posted to social media and provided to media partners, for the first quarter auto theft focus. The second quarter focus was burglaries. The second quarter focus utilized a 30-second Public Service Announcement posted to social media and provided to media partners.

Chief Williams noted in an effort to reduce the large volume of cases that have accumulated for the property unit, overtime of 10 hours was allowed from May 8-21. As a result, 62 cases were cleared.

Chief Williams noted crimes against persons, property, and society all decreased from 2021 to 2022, in part due to crime prevention measures. He further noted gun violence has increased.

Chief Williams noted the Data-Driven Approaches to Crime and Traffic Safety (DDACTS) program launched June 1, 2022. The four hotspots identified for proactive patrol and traffic enforcement were as follows: Kansas and Kearney, Kearney and Glenstone, Glenstone and Sunshine, and Kansas and Sunshine.

Mayor Pro Tem Simpson thanked Chief Williams for the report. He expressed his interest in the Mental Health Mobile Response Team. Mr. Simpson asked if Substance Abuse and Mental Health Services (SAMHSA) grants are still being explored for the response team. Chief Williams responded the department is always exploring new funding opportunities. Mr. Simpson asked how many non-sworn positions are vacant. Chief Williams responded 17. He expressed his belief the Traffic Service Agent positions will be filled quickly.

Councilwoman Horton asked if the mental health professionals will accompany Police Area Representative (PAR) officers to neighborhood meetings. Chief Williams responded the mental health professionals will ride with patrol officers. Councilwoman Horton expressed her belief that having mental health professionals attend neighborhood meetings to provide education would be beneficial.

Councilman Hosmer asked how many Police Officer positions are vacant and if the Police Department has sufficient resources to provide overtime pay to officers who work overtime. Chief Williams responded the department is not able to fill all of the overtime available. Councilman Hosmer asked what happens with cases in which a person is in possession of an illegal firearm. Chief Williams responded the outcome depends on if the charges are federal or state. Councilman Hosmer asked if there is a central repository for camera footage. Chief Williams responded there is a camera registration program which is encouraged but voluntary.

Councilman McGull noted new gun legislation requires a maximum fifteen year penalty for a felon in possession of a firearm.

CTOC Report

Shawn Robertson, President of the Citizens Tax Oversight Committee (CTOC), provided an update on behalf of the CTOC. He thanked City Council for the opportunity to present the report. Mr. Robertson noted the CTOC is continuing to meet quarterly to review the collection and expenditures of sales taxes for the City. Dan Smith, Director of Public Works, along with David Holtmann, Director of Finance, have continued to provide highly knowledgeable insight into the financial operations of the City and are fully able to answer all questions raised at the quarterly meetings.

Mr. Robertson noted sales taxes reviewed by the Committee are: the 3/4 cent Pension Fund Sales Tax for the Police and Fire Pension Fund, 1/8 cent Transportation Sales Tax for high-priority transportation improvements, 1/4 cent Capital Improvement Sales Tax for high-priority capital improvements, Motel/Hotel Tax which is collected and expended according to the state statues for this tax, and the Level Property Tax which is collected and expended for municipal purposes as directed by City Council.

Daniel Neal, Senior City Planner, provided a brief overview of the proposed. Mr. Neal noted a Short-Term Rental Type 2 can be rented for periods of less than 30 consecutive days, is not owner-occupied, is located within a R-SF or R-TH zoning district, must notify neighbors within 500 feet and hold a neighborhood meeting, and must have an affidavit signed by 55% of adjacent property owners. He further noted the proposed did not meet the 55% requirement due to having an incomplete signature. One protest petition was received for the proposed.

Mayor Pro Tem Simpson thanked Mr. Neal for implementing the new process to get input from neighbors. He asked if the reason for the incomplete signature was due to a divorce and if that signature had counted would the 55% requirement would have been met. Mr. Neal responded affirmatively.

He further noted short-term rentals do not pay hotel/motel taxes.

Councilman McGull expressed his opposition to the proposed as he believes short-term rentals do not abide by neighborhood covenants. He noted he is not in opposition to short-term type 1 rentals in which the applicant lives in the home but feels short-term type 2 rentals weaken the fabric of the neighborhood.
