ARTICLE II. – WORKABLE PROGRAM.

Sec. 40-10. - Declaration of Policy.

When a developer receives real property tax abatement, as authorized by the Land Clearance for Redevelopment Authority Law, the project becomes more than a private development. It becomes a public-private partnership supported by the incremental increase in real property taxes foregone by the various taxing jurisdictions of our community. To ensure that tax dollars are supporting projects that contribute to the quality, attractiveness, and unique character of Springfield, the City Council of Springfield, Missouri hereby adopts this Workable Program to govern the use of property tax abatement authorized pursuant to the Land Clearance for Redevelopment Authority Law, to incentivize the redevelopment of blighted properties within the City.

Sec. 40-11. - Definitions.

As used in this Article, the following terms shall mean:

(c) “LCRA Law,” those sections of Missouri statutes contained within §§ 99.300 through 99.715 RSMo.

(d) “Project,” shall have the same meaning as “Land Clearance Project,” as defined by § 99.320.10 RSMo.

Sec. 40-12. - Applicability of this Article.

Redevelopment Plans, and any Amended Redevelopment Plans, prepared and submitted pursuant to the LCRA Law shall comply with the provisions contained in this Article, in addition to any other requirements imposed by law. No Redevelopment Plan shall be approved unless the provisions of this Article have been complied with. (3) The Application shall contain pro forma financial statements and tax impact analysis for the Project, with and without the minimum Tax Abatement as described in Section 40-15, showing the impact to each political subdivision which levies any ad valorem real property tax on any property subject to the proposed Redevelopment Plan.

(4) The Application shall also contain a reasonably detailed development schedule for the Project.
(5) The Application shall be supported by local market data from a qualified third-party.

(c) Additional required contents of Redevelopment Plan.

(1) In addition to the requirements contained in this Article, and the LCRA Law, all Redevelopment Plans shall include:

b. The Redevelopment Plan shall contain a statement that the provisions of the Redevelopment Agreement are essential provisions of the Redevelopment Plan and that any violation of the terms of the Redevelopment Agreement shall also constitute a violation of the Redevelopment Plan.

Said clause shall contain a notice and opportunity to cure before its provisions are acted upon.

(3) Provisions by which subsequent purchasers of property within the Redevelopment Area are bound by the provisions of the Redevelopment Agreement and Redevelopment Plan for the duration of any Tax Abatement authorized in connection with said Redevelopment Plan; and

(1) Any PILOTs paid to the City, and any non-PILOT damages paid to the City as a result of a breach of the Redevelopment Agreement or Redevelopment Plan, shall be retained by the City and utilized as a Shared Success Fund for targeted
economic development projects and/or expenses in connection with addressing blight remediation, assistance to homeowners, and/or dangerous buildings.

Sec. 40-16. – Legacy Blighted Areas.

(1) An updated blight study, or other evidence that the area still exhibits the blighting factors that existed at the time it was declared a blighted area; or

(2) A new blight study showing that sufficient blighting factors exist to support a finding that the area meets the definition of a blighted area, per the LCRA Law.

Sec. 40-17. – Review by the LCRA.

Prior to City Council action regarding a proposed Redevelopment Plan, the LCRA shall first make a recommendation to the City Council regarding an applicant’s Redevelopment Plan. Part of the LCRA’s recommendation shall be a determination of whether the provisions of this Article have been complied with.

Sec. 40-18. – Annual Reporting – Compliance.

During the period a Project is eligible for Tax Abatement, the City shall annually review conformance of all approved Projects with each Project’s respective Redevelopment Plan, Redevelopment Agreement, and this Article, and such review shall be completed no later than March 31. (4) Whether the Redevelopment Plan was initiated by the City to facilitate redevelopment in an area; and

(5) Whether there are multiple land owners of discrete parcels or properties within the Redevelopment Area.

(d) Any Multi-Project Redevelopment Plan or Project submitted in accordance with such Redevelopment Plan shall be exempt from the requirements of this Article except for the following provisions:

(1) Section 40-13(d), provided that the statement of projected tax impact described in 40-13(d)(2) shall not be required;

(2) Section 40-16; and

(3) This section 40-19.

(e) The Special Ordinance approving a Multi-Project Redevelopment Plan shall be effective for up to five years, after which the designation shall cease to be in effect and the Redevelopment Plan shall be void, unless the previous designation is extended by a subsequent resolution of Council prior to the Plan’s expiration.

EXPLANATION TO COUNCIL BILL 2018-015

FILED: 01-09-18

ORIGINATING DEPARTMENT: Planning and Development Department

PURPOSE: Amending the Springfield City Code, Chapter 40, Article II, 'Chapter 353 – Urban Redevelopment,' by repealing Article II and enacting in lieu thereof a new Article II and Article III; amending Chapter 2, ‘Administration,’ Article IV, ‘Boards, Commissions and Committees,’ Division 5, ‘Tax Abatement and Tax Increment Financing Advisory Commission,’ by repealing Division 5 and enacting a new Division in lieu thereof; for the purpose of adopting, and updating, various code provisions related to tax abatement administration and to adopt a Workable Program for the City. (Finance and Administration Committee, Land Clearance for Redevelopment Authority and Staff recommend approval.)

BACKGROUND INFORMATION: A Workable Program is defined in the LCRA Act as “an official plan of action, as it exists from time to time, for effectively dealing with the problem in insanitary, blighted, deteriorated or deteriorating areas within the community and for the establishment and preservation of a well-planned community with well-organized residential neighborhoods of decent homes and suitable living environment for adequate family life, for utilizing appropriate private and public resources to eliminate and prevent the development or spread of insanitary, blighted, deteriorated or deteriorating areas, to encourage needed urban rehabilitation, to provide for the redevelopment of blighted, insanitary, deteriorated and deteriorating areas, or to undertake such of the aforesaid activities or other feasible community activities as may be suitably employed to achieve the objectives of such a program.” Sec. 99.320(23), RSMo.

The LCRA Act authorizes the preparation of a Workable Program for the City as a whole. Sec. 99.420(5), RSMo. All Redevelopment Plans submitted to City Council for approval must comply with the Workable Program. Sec. 99.320(20), RSMo.

This bill establishes a Workable Program for Springfield, and amends other provisions of the City Code related to tax abatement administration.

Supports the following Field Guide 2030 goal(s): Chapter 3, Economic Development; Objective 2b: Continue to explore creative and flexible methods to attract and retain jobs and business investment in the community; and Objective 7a, Continue the use of incentives such as low-interest loans and property tax abatement to advance the revitalization of center city.

REMARKS: This Workable Program is intended to establish a framework for the City of Springfield to evaluate property tax abatement requests under the LCRA Law, Sec. 99.300-715, RSMo. It includes essential elements such as a but-for test, requiring
verification of blight in legacy blighted areas, as well as a Scorecard by which projects will be rated on various measures of community benefit to determine the appropriate level of abatement. A base level of abatement of 50% is established for projects meeting the But-For Test and blight verification requirements; 51-100% abatement will be available for projects depending on application of the Scorecard.

Exceptions to some of these requirements are made for Multi-Project Redevelopment Areas, which must be declared as such by Council resolution in order to be eligible for this more-flexible set of rules. The purpose of allowing such flexibility is to ensure that Tax Abatement is available for future redevelopment of an area of the City which contains widespread evidence of blighting factors, where an overall plan for redevelopment is required to address said blighting factors.

The proposed changes to City Code Chapter 2, Article IV, Division 5 remove references to Tax Abatement, since this section primarily regulates the use of TIFs in Springfield. Since the Workable Program is now the primary regulatory vehicle of LCRA Tax Abatement, provisions contained in Chapter 3, Article IV, Division 5 relating to the process of issuing Tax Abatement pursuant to the LCRA Law are no longer needed. The Workable Program will now regulate LCRA Tax Abatement administration.

In addition to the changes discussed above, part of the recodification of the Chapter 353 Urban Redevelopment Ordinance from Article II to Article III of Chapter 40 includes changes to the fee for filing a Chapter 353 application. Instead of the amount being expressly stated in the code, the language has been amended to refer to the Council approved fee study in operation at the time of application.

The Finance and Administration discussed this bill at its meetings on October 2, October 11, October 31, November 8, and December 13, 2017.
