BACKGROUND INFORMATION: The Give 5 program (the "Program") promotes civic engagement within the community by matching retired, or almost retired, volunteers with innovative volunteer opportunities. The program connects volunteers with opportunities to utilize their skills and assets to give back to their community and fill a wide variety of volunteer needs, such as providing leadership to nonprofits, mentoring children, assisting those most in need, and serving on City and County boards and commissions.

The City desires for the Program to continue, and the United Way of the Ozarks ("United Way") has agreed to continue to operate this important community program. The City has budgeted \$125,575 for the Program in the City's Fiscal Year 2018-2019 budget and desires to provide one-time unencumbered funds from this amount to the United Way as consideration for United Way's assumption of ownership and management of the Program. Additionally, the Greene County Senior Citizens' Services Fund Board ("Board") awarded the City grant funds in the amount of \$92,350 for the Program which were accepted and appropriated by the City in Special Ordinance 27011 on February 26, 2018. The City and the Board executed a contract regarding the provision and use of said grant funds on March 16, 2018, ("Contract") and such Contract needs to be assigned or subcontracted to the United Way. Furthermore, the balance of grant funds remaining after payment of all costs incurred by the City in delivering services pursuant to the Contract needs to be transferred to the United Way for use by the Program. Finally, certain property, including logo shirts, brochures, a laptop, and a projector, held by the City will need to be transferred to the United Way to operate the Program
