Pseudoephedrine vote postponed

City Council will postpone making a final decision on a bill requiring prescriptions for products containing pseudoephedrine (pdf) until July 1. Mayor Pro Tem Jeff Seifried requested the postponement because he will be unable to attend the June 17 meeting.

Staff in the City Clerk's have received out-of-state robocalls on the subject, connecting citizens to their office, but then disconnecting the call when staff begin to explain the proposed legislation.

"We want the citizens to know it is not the Clerk's office disconnecting the calls," explained City Clerk Brenda Cirtin.

For more information, contact Brenda Cirtin, City Clerk, at 417-864-1650.
