For Immediate Release

City Issues Final Rountree Railroad Quiet Zone Report

Following up on a promise to neighbors in the Rountree area, City Planning and Public Works departments issued a [final report to City Council today on a railroad quiet zone proposal](#) (pdf). City staff chose to not recommend any street closures or crossing improvements. The report includes an overview of the quiet zone proposal; reviews and responses to public input; and establishes a definite end to the project at this time.
