For Immediate Release

"Bike-Bus-Walk to Work Week" Trophy Winners

Ozark Greenways’ annual Commuting Challenge in May, during “Bike-Bus-Walk to Work Week”, was a successful event to promote Springfield’s growing on-street bike route system and greenway trail connections. Public momentum to increase our community’s bicycling infrastructure is going strong, with two recent national awards: Bronze level Bicycle Friendly Community designation by the League of American Bicyclists; and South Creek Greenway received Springfield’s third National Recreation Trail designation by the National Park Service.

Businesses and schools with the most participation during the BBWWW Commuting Challenge, receive a traveling trophy to display for a year. These are Springfield area residents who committed to get to work or school at least one day that week without their car.

The following had the most employee or student participation, and have each won a traveling trophy:

- **School category:** Rountree Elementary
- **Small size business:** CopyBiz
- **Medium size business:** Butler Rosenbury & Partners Architects and Engineers
- **Large size businesses:** CoxHealth
