News Release

For Immediate Release

North, South Lane Closures on National

National Avenue at Seminole Street will be reduced to one northbound and one southbound lane from 7 a.m. to 7 p.m. on Saturday, June 5, 2010, for the installation of stormwater pipes across National Avenue.

This work is part of the National Avenue and Seminole Street intersection improvement project, which includes straightening of National to improve driver sightlines, new turn lanes and storm water drainage upgrades. The project is funded by the 1/4-cent Sales Tax for Capital Improvements.

Motorists are advised to use Sunset Street to Fremont Avenue as an alternate route.
