News Release

For Immediate Release

Lane closure on Jefferson Avenue north and south of Bennett Street for 30 days

The northbound lane of Jefferson Avenue will be closed in the area directly north and south of Bennett Street for approximately 30 days for utility relocations beginning Monday, Jan. 27. Lane shifts will be used to maintain one northbound lane and one southbound lane through the construction zone. This will mostly be required for daytime work and may be removed when no work is being done. These relocations are a continuing part of the Fassnight Creek Improvements Phase 2.

As always, please use caution in all construction areas.
