City of Springfield Citizen’s Guide to
RECYCLING & DONATION LOCATIONS

NEW LOOK & NAVIGATION  CREATED WITH EASE OF USE IN MIND.

After years of circulation, we decided our Guide to Recycling in Springfield was due for a makeover. The new format categorizes familiar sections from past guides and simplifies the task of locating materials and items and identifying the local partner that is best for you to contact.

This is a comprehensive, City-wide list and we think you’ll be surprised by some of the items that can be kept out of the landfill. But if there is an item not listed, please call the Recycling Hotline at 417.864.1904. We will do our best to find a proper outlet for the item.

Always call prior to making the trip to one of the listed businesses or organizations. Rapidly adjusting recycling market conditions can create shifts in material needs and acceptance. Plus, it is always good to verify and discover any unlisted specifications, requirements or fees regarding materials and items. You can also go online and view our Recycling Database.

RECYCLING FOR BUSINESS & INSTITUTIONAL OR CONSTRUCTION/DEMOLITION
For assistance in starting a recycling program at your business or institution regarding recycling or disposal of construction/demolition waste, please call the Recycling Hotline at 864.1904 or visit springfieldmo.gov/recycling
PAPER  This is one of the most common and easiest recyclable items, yet it makes up the majority of what is disposed of in the landfill. Books, newspaper, magazines, cereal boxes, toilet paper tubes, junk mail, and file folders are all common paper items that can be recycled. Do not recycle paper with foil, glitter, plastic or wax lining and metal clips or bindings.

City of Springfield Recycling Centers
Lone Pine, Franklin & YRC  864-1904

AAA Certified Computer Recycling Center
Pickup service available. Fees may apply.
528 N. Prince Lane  866-2588

1323 W. Locust 869-7373
## BATTERIES

They all provide the same benefit but are created in ways that makes disposal difficult. If you have a few different types, use this grid to reduce your number of trips.

**Do Not throw automotive, rechargeable or button batteries in the trash.**

### ELECTRONICS & BATTERIES

It's electric! Think of those items you find at the retail store in the same section. So, if it’s an accessory, battery, or plug-in device, then you will find it located here. You won’t find appliances here, they are in Household Items!

### AUDIO/VIDEO EQUIPMENT

321 N. Fort  866-3707
THE SYSTEM & YOU

ISWMS IS MORE THAN A BUNCH OF LETTERS.

The City of Springfield Department of Environmental Services Solid Waste Division integrates various programs and services to help manage and reduce Springfield’s waste stream. Approved by voters in 1991, Springfield’s Integrated Solid Waste Management System includes the Springfield Sanitary Landfill, three recycling drop-off sites, a Yardwaste Recycling Center, Household Chemical Collection Center and education and market development programs. Curbside collection of trash and recyclables is provided by private, independent trash hauling companies. This environmentally sound and economically feasible system represents a long-term solution to preserve the natural resources of the region for present and future generations.

The Integrated Solid Waste Management System is funded primarily by revenue generated from disposal or “tipping” fees at the Sanitary Landfill. The sale of compost and mulch products, grants, honor system fees and donations also contribute to funding the System.
