

# City of Springfield Citizen's Guide to **RECYCLING & DONATION LOCATIONS**

## **NEW LOOK & NAVIGATION** CREATED WITH EASE OF USE IN MIND.

After years of circulation, we decided our *Guide to Recycling in Springfield* was due for a makeover. The new format categorizes familiar sections from past guides and simplifies the task of locating materials and items and identifying the local partner that is best for you to contact.

This is a comprehensive, City-wide list and we think you'll be surprised by some of the items that can be kept out of the landfill. But if there is an item not listed, please call the Recycling Hotline at 417.864.1904. We will do our best to find a proper outlet for the item.

*Always call prior to making the trip* to one of the listed businesses or organizations. Rapidly adjusting recycling market conditions can create shifts in material needs and acceptance. Plus, it is always good to verify and discover any unlisted specifications, requirements or fees regarding materials and items. You can also go online and view our Recycling Database.

## THE SYSTEM & YOU ISWMS IS MORE THAN A BUNCH OF LETTERS.

The City of Springfield Department of Environmental Services Solid Waste Division integrates various programs and services to help manage and reduce Springfield's waste stream. Approved by voters in 1991, Springfield's Integrated Solid Waste Management System includes the Springfield Sanitary Landfill, the City of Springfield's Recycling Center, Household Chemical Collection Center, educational and market development programs, Curbside collection of trash and recyclables provided by private independent hauling companies, this eventually sends a solid waste management system to the landfill, and a solution to the problem of the region for present and future generations.

The Integrated Solid Waste Management System is funded primarily by revenue generated from disposal or "tipping" fees at the Sanitary Landfill. The sale of compost and mulch products, grants, honor system fees and donations also contribute to funding the System.
