

You are invited!

Please join the City of Springfield and the West Central Neighborhood for a ceremonial groundbreaking celebration for the upcoming

Route 66 Streetscape and Broadway Plaza Construction Project

9 a.m. Wednesday, Aug. 10

at the Northwest corner of College Street and Broadway Avenue

This project, expected to begin October 2016, will stretch along College Street from the intersection of Broadway Avenue west to the Birthplace of Route 66 Roadside Park. Planned improvements include a new pedestrian plaza at the northwest corner of the intersection, crosswalks, ADA compliant sidewalks, landscaping and street trees, decorative street lighting, utility improvements and on-street parking. It is funded through a federal Transportation Alternatives Program Grant and the voter-approved 1/4-cent Capital Improvements Sales Tax.
