Subject: resignation letter

Please accept this as my resignation letter:

“Statement from Kristi Fulnecky, Thursday, September 20, 2018

I have been blessed to have served the City of Springfield for 3 1/2 years. My family recently found a beautiful house in Nixa Missouri and plan to move in a few days. We still own a house in the city limits of Springfield. Although the city charter doesn't define the term "residence" as a "principal place of residence," I feel it's only fair to be honest and not try to debate the residency requirement. I really feel like I have been a voice for the people and have given others hope that they are listened to and can make a difference. I've always also felt it was important to challenge the status quo, ask questions, not waste taxpayer money, and make an independent decision based upon the facts. Therefore, because my principal place of residence will be Nixa Missouri in a few days, I resign my general city council seat effective today September 20, 2018.”

Thank you

Kristi Fulnecky
Attorney and President
