Dear Ralph,

At the July 2010 Urban Neighborhoods Alliance Board of Directors meeting, the board voted to support the concept of "The Link" and the improvements and amenities that would come with this if and when funding becomes available.

Our neighborhoods feel the concept of alternative transportation is crucial to our sustainability as a community. We have always promoted this type of transportation and understand the necessity to have the infrastructure to make this happen.

"The Link" will enable our neighborhood residents to have access to the many exciting things that are happening throughout center city in ways that don't rely on traditional transportation. We applaud and appreciate the City of Springfield's effort to bring this to reality. We also appreciate you coming to us for our input.

Sincerely,

Bob Horton
Executive Director
