## Continuous Uniform Operations Bureau Coverage and Shift Briefings

### I Policy

It shall be the policy of this Department to provide a single, consistent method for assigning officers to shifts, beats, and days off. This will ensure impartiality in the assignment process. The Chief of Police or designee retains final authority to assign officers as necessary to provide effective coverage and accountability. Duty shifts for the Uniform Operations Bureau shall be staggered to ensure there is continuous patrol coverage at all times. All shifts shall attend a daily shift briefing prior to beginning their tour of duty. The Uniform Operations Bureau Commander shall ensure that qualified Major Crime Investigators are assigned to each shift.

### II Definitions

**Beat** – A specific geographical area of patrol within a zone. Beats are defined so as to provide approximate equal workloads.

**Continuous Patrol Coverage** – The availability of on-duty officers for immediate assignment to emergencies.

**Zone** – A geographical subdivision of the City based on the number of calls for service to provide an equitable workload. The City is divided into two<sup>1</sup> zones, designated as South Zone and North Zone.

---

<sup>1</sup> Definition of Zone changed to reflect two Zones instead of three due to changes to 12-hour shifts, per [Policy Change Order 21-028](#).
