Subject: Report of Data: Case 94713

Results in this report apply to the sample analyzed in accordance with the chain of custody document. This analytical report must be reproduced in its entirety.

Dear Mr. Samatmanakit,

One Biosoild sample for project “1A07072 IFB #009-2021 - PFAS” was received January 12, 2021, at 2.1°C. Written results are provided on this February 2, 2021, for the requested analyses. All holding times were met.

For PFAS analysis, the sample was extracted according to APPL SOP PRE537 and analyzed according to APPL SOP ANA537 and DoD QSM Table B-15. Some extracted internal standards recover outside control limits.

If you have any questions or require further information, please contact us at your convenience. Thank you for choosing APPL, Inc.

I certify that this data package is in compliance with the terms and conditions of the contract, both technically and for completeness, for other than the conditions detailed above. These test results meet all requirements of NELAC. Release of the hard copy has been authorized by the Laboratory Manager or her designee, as verified by the following signature.
